Student Behavioral Survey

Please answer the following questions truthfully and thoroughly.

Name of Student: _____

In the last 3 years, has your child received any Needs Improvement or unsatisfactory marks in conduct or behavior? Were you called to pick up your child from school due to behavior? Please describe.

Does your child have referrals for behavior/conduct? Please describe.

Is there anything else about your child's behavior that could affect his/her experience at DePaul?

I understand that DePaul is not a school that remediates behavioral issues or truancy. I further understand that my child must follow the DePaul Code of Conduct while a student at DePaul; work to resolve conflicts peacefully, behave honestly and respectfully with students/teachers in person and online, refrain from distracting other students, follow adult directives to go to class, cooperate with staff, and follow all rules in the current edition of the Student Handbook, including that he/she must attend class when asked.

I further understand that tardies, early checkouts, and excessive absences may affect my child's success in the program, and their ability to attain and keep scholarships.

If I falsify this document or fail to disclose behavioral information that negatively affects my child's or another student's DePaul experience, or if my child does not display growth when redirected, my student will be removed from the school.

I have read and understand 4/4 pages of this document.
